MARBLE DESIGN

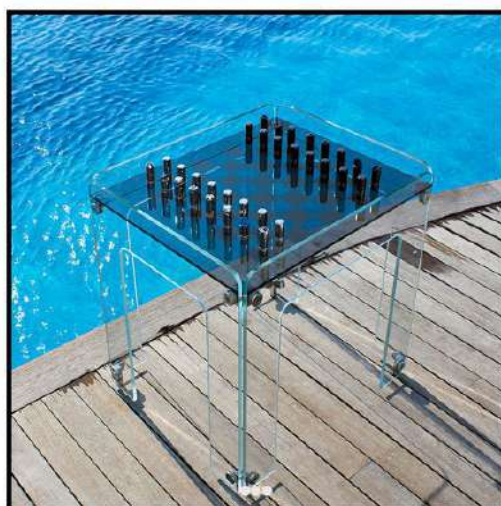

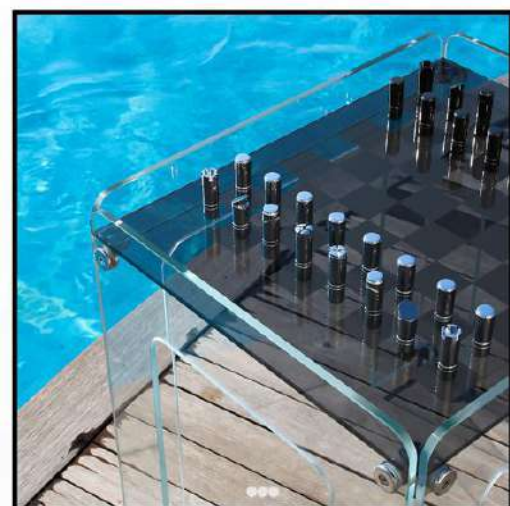

by **TR:O**

MARBLE DESIGN

- The ergonomic structure of the original model, which does not compromise the quality of the game while maintaining assertive composure, was designed by combining solid wood in a stainless steel body that evokes a dogmatic delicacy. Evoking self-confidence and high status, this striking design is produced for those who cannot give up their assertive style while playing games.
- Marble Design, which is completely made of Marble, offers a wide variety of color and tone options.
- The game floor is made of natural marble and the players are made of Metal.
- The scoring units are located on the upper surface and the castles are hidden from the outside by the horizontal curve given to the body.
- It is an internal and dental space product.
- External size: 121x110x90cm – Playing Area: 70x119cm
Height 90 cm
